Setting up for Monday

Hi Omar, thanks for the new laptop. I've already set up my email, and I've installed the video call app. I've just changed my password, too. But I haven't connected to the office Wi-Fi yet, and the printer doesn't work. Can you help me before Monday? Nina

Hi Nina, don't worry. First, switch the laptop off and on again. Then log in with your username and your new password. If the Wi-Fi still doesn't connect, call me on extension 204. For the printer, plug it in and wait a minute. It turns itself on. Then click 'Print' and pick up your pages at reception. One more thing: we've arranged a short training session on Monday at ten. You don't have to learn everything by yourself, so please come. Best regards, Omar
